

BULL

Forno elettrico modulare per pizzeria, pasticceria e panetteria

Modular electric oven for pizza, pastry and bread

Il primo forno al mondo totalmente rivestito in vetro colorato e temperato

The first oven in the world entirely coated with colored tempered glass

Forza d'impatto, linee senza incertezze, vetro e colori dal carattere deciso danno a questo progetto un'identità unica, dinamica e moderna. Di grande effetto estetico, Bull è stato disegnato per esaltare le sue linee forti e rigorose. In alto la nuova cappa aspirante motorizzata aggiunge carattere e vigore a tutto l'insieme, e la sua forma prominente vuole ricordare la postura del toro arcuato in avanti.

A strong impact, clean-cut lines, resistant glass and vibrant colors give this project a unique, dynamic and modern style. With its great aesthetic appeal, the Bull has been designed in a way that enhances its rigorous and clean-cut lines. In addition, its style adds character and vigour to the entire unit, whereas the design and prominent shape of the new motorized extraction hood resembles a bull's head-forward stance.

BULL "L"

CARATTERISTICHE TECNICHE

- 1 - 2 - 3 camere di cottura interamente in materiale refrattario con piano di cottura e cielo ad alte prestazioni e resistenza
- Resistenze corazzate "hy-pe" in acciaio inossidabile integrate nel refrattario del piano di cottura e del cielo
- Pannello di controllo digitale touch
- Controllo indipendente delle camere
- Controllo delle temperature del piano di cottura e del cielo separate
- Ottimo isolamento, bassa temperatura esterna
- Isolamento termico garantito dalla scelta dei migliori materiali
- Massima temperatura di cottura 450 °C
- Valvola regolabile per scarico vapori
- Sportello con finestra in doppio vetro temperato
- Sportelli frontali controbilanciati
- Lampade alogene ad alta resistenza e capacità luminosa
- Struttura in acciaio
- Rivestimento in vetro temperato (nero o rosso)

ACCESSORI

- Cella di lievitazione ermetica con ruote
- Supporto del forno con ruote
- Cappa motorizzata

OPTIONAL

- Vaporiera (assorbimento massimo 1,4 Kw)
- Kit abbattimento vapori e odori con filtro ai carboni attivi (assorbimento massimo 0,7 Kw)
- Colore del vetro personalizzabile
- Grafica del vetro personalizzabile

TECHNICAL SPECIFICATIONS

- 1 - 2 - 3 cooking chambers in full refractory material with high resisting and performing baking floor and ceiling
- Stainless steel armoured heating elements "hy-pe" integrated in the refractory floor and ceiling
- Digital touch control panel
- Independent chamber control
- Top and bottom separate temperature control
- Excellent insulation, low external temperature
- Thermal insulation guaranteed by the best materials
- Max cook temp 450 °C
- Adjustable steam exhaust valve
- Double glazed tempered door
- Counter balanced door
- High resistance and efficiency halogen lamps
- Steel structure
- Tempered glass coating (black or red)

ACCESSORIES

- Hermetic prover with wheels
- Oven support with wheels
- Motorized hood

OPTIONALS

- Steam injection system (max. absorption 1,4 Kw)
- Steam and odours damper kit for hood with active carbon filter (max. absorption 0,7 Kw)
- Custom glass colors
- Custom glass graphic
